

:::BAND INFO:::

The Flying Windmill

from left to right:

Corny - Vocals
Konrad - Bass
Benni - Guitar
Marko - Drums & Vocals

they play: emo-pop-punk with catchy melodies and rocking hooklines.

they released: the track "beautiful" on the Sampler "lights & cables" (2005) and the cd-ep "beautiful" (2005) on Plane Records. The track "yellow bus" on the "ProPunkrocker#3" (2004) and on the "A song to set hearts on fire" Sampler (2003), a split CD with Four Roses (2003) and a split LP with Phonetics (2002).

That's how we like it: four smart and sympathetic guys play magnificent intensive music, fantastic songs full of passion.

Pop meets Punk - some call it emopunk or poppunk but as long as the audience and the band enjoy their musical journey together, the name of the music is not of any importance. Their nice and open-minded attitude fits perfectly in smaller clubs, where the shows always end up in sweat and happiness.

Their catchy melodies and straight rocking hooklines established a style that never fails to make people shake their bums.

Flying Windmill is one of the bands that really enjoy every second on stage. So the guys do what they love most, and frequently hit the road. So far they played over 170 shows in Germany, Austria, Slovenia, Belguim, the Netherlands and the UK together with such bands as Appleseed Cast (US), Brandtson (US), Cursive (US), Leiah (SWE) , Pale (D), Muff Potter (D) and Sometree (D).

In winter 2004 they recorded four wonderful songs for their new single "Beautiful" which is now available. So make sure not to miss them on stage.
